#### FISCAL YEAR 2007-08 BUDGET PLAN

#### I. EXECUTIVE SUMMARY

- A. Agency Section/Code/Name: 40, L36, Human Affairs Commission
- B. Statewide Mission: The legislatively-mandated mission of the South Carolina Human Affairs Commission is to eliminate and prevent unlawful discrimination. The agency works to eliminate discrimination through the receipt, investigation and resolution of complaints of unlawful discrimination. The agency works to prevent discrimination by providing training on a wide variety of relevant topics to diverse audiences across the State; by assisting local communities in developing community relation councils to enhance their capacity to address issues locally; and by assisting other state agencies in developing and implementing effective affirmative action plans. The agency's success in fulfilling its mission contributes directly to maintaining and enhancing the quality of life and the economic status of the citizens of South Carolina and to the positive economic and social environments which are essential to attaining the vision for South Carolina's future.
- C. Summary Description of Strategic or Long-Term Goals: The Agency developed the following strategic goals and strategies to improve the effectiveness of the organization. Various stages of the implementation of these goals and strategies will occur over the next five (5) years.
  - Goal 1 -- Internal Communications -- To have open, clear, concise communication as well as constructive feedback throughout the organization. Communication should be consistent and confidential where appropriate as well as conducive to a positive work environment.
  - Goal 2 -- External Communications -- Improve the public image and understanding of the organization.
  - Goal 3 -- Policies and Procedures -- To apply policies and procedures that are aligned with the mission, vision and values and are adhered to consistently at all organizational levels.
  - Goal 4 -- Organizational Direction -- To have an organization with empowered, effective and collaborative leadership at all levels that has an established and consistent direction that drives its decision-making.
  - Goal 5 -- Lack of Adequate Resources -- To fully utilize current human and physical resources for the agency's core mission with pursuit of alternative funding for special initiatives.

Goal 6 -- Employee Performance and Behavior -- To be an agency where all employees are productive, customer-friendly team players that are faithful to the agency's policies and procedures and to the S.C. Code of Ethics and managers are empowered to perform their assigned duties.

The agency's FY 2007-08 budget plan enables the agency to secure the personnel and other resources which are required to maintain and enhance its capacity to process the increasing number of complaints of unlawful discrimination arising within our State while minimizing the potential for a growing federal presence in the affairs of South Carolinians; to enable the agency to continue to provide the training and assistance which assist employers and others to avoid discrimination and the potentially costly, polarizing consequences arising therefrom; and to allow the agency to help develop the capacity of local communities to address issues at their level without the necessity for state or federal intervention. See the following relevant portions of the 2004-2005 Accountability Report: Section I (Executive Summary), paragraphs number 1-4, pages 1-3; Section III (Elements of the Malcolm Baldrige Award Criteria), Category 2 (Strategic Planning), paragraphs number 1 and 2, pages 10-11; and Section III, Category 7 (Business Results), paragraph number 7.2, pages 17-22.

(See 2003-2004 Accountability Report, Section III, Category 5, Human Resources, paragraph number 2, pages 17-18.) The agency's investment in staff training and development enabled the agency to maintain high levels of performance despite limited resources and the resultant reduction in staffing. #### FISCAL YEAR 2007-08 BUDGET PLAN

#### II.DETAILED JUSTIFICATION FOR FY 2007-08 OPERATING BUDGET PRIORITIES

- A. Agency Section/Code/Name: 40, L36, Human Affair Commission
- B. Priority No. 1 of 2
- C. (1) Title: Intake & Referral
  - (2) Summary Description: Funding is requested for three (3.0) vacant and unfunded FTEs: two (2) Program Coordinators; one (1.0) Administrative Support Specialist I, and the necessary operating costs.
  - (3) Strategic Goal/Action Plan (*if applicable*): This priority relates to the following portions of the agency's 2004-05 Accountability Report: Section I (Executive Summary), paragraph number 3, pages 1-2; and Section III (Elements of the Malcolm Baldrige Award Criteria), Category 7 (Business Results), paragraph number 7.2 (a)-(c), pages 17-20.
- D. Budget Program Name and Number: III. Compliance Division, 10
- E. Agency Activity Number and Name: 1145, Intake & Referral
- F. Detailed Justification for Funding
  - (1) Justification for Funding Increase: We are requesting two (2) Program Coordinators and one (1) Administrative Support Specialist for the following reasons:

The volume of requests for assistance has almost doubled from approximately 14-19,000 in FY 2001, to approximately 27-30,000 in FY 2006.

- (a) Of the approximately 14-19,000 requests received in **FY 2001**, approximately 7-9,000 questionnaires were sent out, approximately 2,330 were returned for processing, which resulted in approximately 1,500 formal charges filed and approximately 831 referred to other sources.
- (b) Of the approximately 15-20,000 requests received for **FY 2002**, approximately 8-10,000 questionnaires were sent out, approximately 2,500 completed questionnaires were returned for processing, which resulted in approximately 1,900 formal charges filed and approximately 566 referred to other sources.
- (c) Of the 25-30,000 requests received for <u>FY 2003</u>, approximately 15-20,000 questionnaires were sent out, approximately 4,060 completed questionnaires were returned for processing, which resulted in approximately 1,500 formal charges filed and approximately 2,560 referred to other sources for various reasons.

- (d) Of the 30,000 requests received for **FY 2004**, approximately 20,000 questionnaires were sent out, approximately 4,500 completed questionnaires were returned for processing, which resulted in approximately 1,634 formal charges filed and approximately 2,866 referred to other sources for various reasons.
- (e) Of the approximately 27-30,000 requests received for **FY 2005**, approximately 25-30,000 questionnaires were sent out, questionnaires were sent out, approximately 3,850 completed questionnaires were returned for processing, which resulted in approximately 1,702 formal charges filed and approximately 2,148 referred to other sources for various reasons.
- (f) Of the approximately 27-30,000 requests received for **FY 2006**, approximately 20-25,000 questionnaires were sent out, questionnaires were sent out, approximately 3,500 completed questionnaires were returned for processing, which resulted in approximately 1,304 formal charges filed and approximately 2,196 referred to other sources for various reasons.

Nearly the same amount of time, or in some cases much more time is required to assist referrals, as is required to prepare formal charges.

During that same time frame the number of program coordinators decreased from four (4) to two (2). Two (2) program coordinators are not able to process this huge influx of complaints at the level to which four (4) did. The average processing time using four (4) program coordinators was approximately thirty (30) days, but has increased to ninety (90) days or longer using only two (2) program coordinators. In addition to increased work volume and decreased staff, the problems involved in carrying out this task have been further exacerbated by an additional influx of callers daily who are demanding immediate service. The time it takes to respond to these calls further erodes our ability to process cases in a timely manner. The callers include citizens who have already returned their questionnaires to the Commission. These citizens have either been terminated from their jobs, are experiencing sexual or racial harassment, denied disability accommodation, etc., and are often desperate for assistance.

Such delays could place this Agency and the State of South Carolina in jeopardy of being cited with a writ of mandamus, commanding that we process complaints in a timely manner. Complaints that are filed past 180 days of the alleged violation date must be waived to the federal government U.S. Equal Employment Opportunity (EEOC). Complaints that are not processed and filed within 300 days of the alleged violation date may not be investigated by either South Carolina Human Affairs Commission or the U.S. Equal Employment Opportunity (EEOC), thereby denying the citizen the right to proceed in court with the complaint.

### **Budget Justification**

Operating cost per FTE is estimated at \$5,000, (excluding office space) which is a conservative estimate of this agency's recent experience.

- A. Agency Section/Code/Name: 40, L36, Human Affair Commission
- B. Priority No. 2 of 2
- C. (1) Title: Mediation
  - (2) Summary Description: Funding is requested for three (3.0) vacant and unfunded FTEs: two (2.0) mediators; one (1.0) Administrative Support Specialist II, and the necessary operating costs.
  - (3) Strategic Goal/Action Plan (*if applicable*): This priority relates to the following portions of the agency's 2004-05 Accountability Report: Section I (Executive Summary), paragraph number 3, pages 1-2; and Section III (Elements of the Malcolm Baldrige Award Criteria), Category 7 (Business Results), paragraph number 7.2(b), page 19.
- D. Budget. Program Name and Number: III. Compliance Division, 10
- E. Agency Activity Number and Name: 1147, Mediation
- F. Detailed Justification for Funding
  - (1) Justification for Funding Increase: We are requesting two (2) Mediators and one (1) Administrative Specialist II for the following reasons:
    - (a) The success of our mediation effort has been such that the number of cases in which both parties to complaints have requested mediation has grown tremendously. That growth has forced us to create a separate mediation unit to handle the growing number of cases.
    - (b) There is an increasing judicial emphasis on using mediation as a means to resolve complaints, rather than disputing parties engaging in costly investigative reviews or litigation. An increased federal emphasis forces us, under our worksharing agreement with U.S. Equal Employment Opportunity (EEOC), to place more emphasis on mediation.
    - (c) The nature of the mediation process dictates that it be organizationally separate from the investigative process. Respondents and complainants must be, and feel, assured that mediation efforts, if unsuccessful, will not influence subsequent investigations and determinations.
    - (d) As an outgrowth of the aforementioned justifications, Mediation requires devoted clerical support by an Administrative Specialist who will handle the coordination of mediation conferences and preparation of settlement agreements, correspondence and reports.

## **Budget Justification**

Operating cost per FTE is estimated at \$5,000, which is a conservative estimate of this agency's recent experience. Additionally, the three (3) FTE's will require 900 ( @ \$13.90) sq. ft. of new office space. Currently the agency's 43.0 employees occupy 11,000 square feet of office space, or 255.8 square feet per person. This is less than the recommended square footage of no less than 300 square feet per employee or 12,900 square feet, leaving a current shortage of 1,900.6 square feet. The addition of the three (3.0) positions requested would necessitate at least an additional 900 square feet of office space at the rate of \$13.90 per square foot, or \$12,510.
